

33. (Amended) The article of claim 32 wherein said at least one polymer is a
polyarylate.

REMARKS

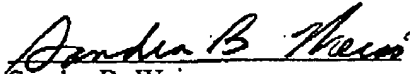

The Examiner has required restriction between Group I claims 1-20, 32-33 and Group II claims 21-31. It is respectfully submitted that the Examiner intended to include claim 31 in the Group I claims.

Claim 21 has been amended to depend from claim 1. It is believed that this amendment is sufficient to overcome the restriction requirement.

Claim 33 is amended to correct an obvious typographical error.

In view of the foregoing, it is respectfully requested that the restriction requirement be withdrawn, and that an action issue on the merits.

Respectfully submitted,

Sandra B. Weiss
